TOUR SERIES 2026 by 

To minimise the possibility of infringing the rules on race day and avoiding penalties, please observe the following:

- Ride on the left side of the bike lane
- Keep 6 metres between yourself and the cyclist in front of you – front wheel to front wheel
- Pass on the right of the cyclist in front (never on the left)
- Complete your pass within 30-seconds
- If passed, drop back immediately 6 metres and ensure you have dropped back the full 6 metres before re-passing

Triathlon is an individual race, and it is your responsibility to fully understand the rules and avoid infringements. A technical official's ruling is final in the case of drafting, blocking, and illegal pass infringements (judgment calls) and these are not subject to either protest or appeal.

Following are the most common rule infringements:

Yellow card 4-minute penalties include:

- **Drafting** – following a leading cyclist closer than 6 metres and failing to pass in 30 seconds OR after being passed, failing to drop back 6 metres before re-passing
- **Illegal pass** – passing on the left
- **Littering** - discarding items, e.g. Tyres, bidons, gel wrappers etc., On any part of the course except within designated litter zones near aid stations.
- **Blocking** – riding on the right side of an athlete without passing or riding on the right-hand side of the bike lane when clear of other athletes.
- **Helmet** – failing to have your chin strap securely fastened when moving with your bike.

A technical official will advise you of any time penalty by calling your number, advising you of the nature of the infringement and showing you a yellow card. A 4-minute time penalty will be added to your final finish time.

Note: that any 3 infringements across the course during the event may result in a disqualification.

Other infringements which may result in disqualification include:

- Offensive and unsportsmanlike behaviour,
- Public personal toilet,
- Outside assistance (from anyone other than a race official),
- The use of electronic equipment including telephones, including the use of earphones or other communication devices.

Always remember to treat other athletes, volunteers and officials with courtesy and consideration as they are important in keeping the event safe and fair.

I sincerely hope you have a great race, enjoy the experience, and achieve your goals.

Please note the team differences:

- **Race Bib Number** – worn by the runner.

Relay Team change overs are self-managed and it is up to Relay Teams to ensure they know when they must be at the meeting point.

Swim to Bike

The swim leg athlete will exit the swim and head to the team relay tent to exchange the timing chip before the cyclist can collect their bike and head onto the bike course.

Bike to Run

The cyclist must properly rack their bike before moving to the team relay tent to exchange the timing chip with their runner who will then head out onto the run course.

SWIM START

Deep-water Start: Team swimmers will sort themselves into the correct start group based on their cap color (pink).

FINISH LINE

Relay Teams are permitted to cross the finish line together, if they wish. The entry point will be identified by a sign 'Relay Meeting Point'.

If the runner only proceeds down the finish line, they will be required to collect the other Team Members medal. Each relay athlete will be given 2 or 3 medals (depending on the size of the team) once finished.

RELAY TEAM CUT-OFFS
